

BASSEM HUSSEIN

Frontend Software Engineer | Angular & AI-Assisted Development

+20 101 622 6031 | bassemh594@gmail.com | Cairo, Egypt (open to relocate)

GitHub: <https://github.com/bassemh594> | LinkedIn: <https://www.linkedin.com/in/bassem-hussien-130b24205/>

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building scalable, maintainable Angular applications for enterprise platforms. Strong in TypeScript, RxJS reactive state management, responsive UI engineering, and RESTful API integration. Focused on performance, clean architecture (SOLID/OOP), and shipping reliable features within Agile teams. Uses AI-assisted workflows to accelerate delivery without compromising code quality.

TECHNICAL SKILLS

Languages & Core: TypeScript, JavaScript (ES6+), HTML5, CSS3, Sass/SCSS, SQL

Frameworks & Libraries: Angular, RxJS, Angular CLI

UI Ecosystems: Angular Material, NG-ZORRO, PrimeNG, Tailwind CSS, Bootstrap

Architecture: SOLID, OOP, Code Splitting, SEO, Responsive Design, Data Structures

AI Tooling: Claude, Cursor, Cline, OpenCode, GitHub Copilot

Tools & Platforms: Git, GitHub, GitLab, Microsoft Azure, Vite, REST APIs, CI/CD

PROFESSIONAL EXPERIENCE

Frontend Developer – Intercom Enterprise

Sep 2025 – Present

- Develop and maintain enterprise-scale Angular applications for the Egyptian Public Prosecution within a shared Angular workspace powering multiple core business platforms.
- Implement dynamic, highly customizable Reactive Forms with reusable form controls and comprehensive client-side validations to handle complex legal data entry workflows.
- Build and maintain a shared UI library across applications, promoting consistency and reducing code duplication.
- Integrate RESTful APIs built with Java, ensuring seamless data flow, error handling, and optimal client-side performance across modules.
- Collaborate with cross-functional teams in an Agile/Scrum environment, participating in sprint planning and daily standups.

Frontend Developer – Etmana (E-Commerce Platform)

Sep 2024 – Nov 2024

- Engineered and enhanced responsive frontend features for a high-traffic e-commerce web platform serving thousands of active shoppers.
- Built dynamic, reusable UI components for product discovery, advanced search filters, shopping cart, and promotional banners.
- Streamlined cross-browser compatibility and mobile responsiveness, increasing mobile checkout completion.
- Integrated RESTful e-commerce APIs for real-time inventory tracking, pricing calculation, and customer order processing.

Frontend Developer Intern – Information Technology Institute (ITI)

Jul 2024 – Sep 2024

- Completed intensive professional training in modern web development methodologies, responsive UI design, and full-stack software lifecycle.
- Developed single-page web applications with Angular and modern JavaScript, applying OOP and SOLID design principles.
- Collaborated in team-based sprint projects utilizing Git version control, branch workflows, and code reviews.

Network Operation Engineer Intern – Orange Egypt

Aug 2023 – Sep 2023

- Gained hands-on exposure to enterprise network infrastructure, monitoring real-time network traffic, incident ticket resolution, and SLA adherence across telecom networks.

FEATURED PROJECTS

GDSC Educational Platform – Lead Frontend Developer & Campus Lead

Tech: Angular 14+, TypeScript, RxJS, Reactive Forms, SCSS | Live Demo: <https://hussien034.github.io/GDSC-Educational-Platform/main>

- Designed and developed a comprehensive educational platform for Google Developer Student Clubs members.
- Implemented course and track registration with custom Angular Reactive Forms validation.
- Built responsive student dashboard with route guards and state management using RxJS.

CV Builder – Frontend Developer

Tech: JavaScript (ES6+), DOM Manipulation, LocalStorage, Bootstrap, CSS3 | Live Demo: <https://hussien034.github.io/CV-Bulider/>

- Interactive web application allowing users to build customized professional resumes in real-time.
- Dynamic DOM manipulation enabling real-time preview updates, reordering sections, and PDF export.
- Integrated browser LocalStorage for auto-saving form states across sessions.

EG-BANK Cards Portal – Frontend Developer

Tech: JavaScript, jQuery, RegEx Validation, LocalStorage, Bootstrap | Live Demo: <https://hussien034.github.io/EG-BANK/>

- Designed and built responsive banking card catalog showcasing card tiers and customized benefits.
- Built robust client-side validation using Regular Expressions (RegEx) for card and national identity input.

IP Address Tracker – Frontend Developer

Tech: JavaScript, IP Geolocation API, Interactive Maps, Bootstrap | Live Demo: https://hussien034.github.io/IP_Tracking/

- Real-time network intelligence tool querying public IP/domain to display geographic location, ISP, and timezone on an interactive map.

HealthAI Egypt – Full-Stack Engineer & AI Architect

Tech: React 18, TypeScript, Node.js, Google Gemini AI, Tailwind CSS | Live Demo: <https://healthai-egypt.gov.app>

- Bilingual medical triage platform providing instant symptom assessment, urgency scoring, and localized Egyptian OTC recommendations via Gemini AI.

LEADERSHIP & COMMUNITY INVOLVEMENT

Google Developer Student Clubs (GDSC) – Campus Lead

Jan 2022 – Feb 2023

- Formally confirmed and endorsed by Salim Abid (Google Developer EcoSystem Region Lead - MENA) in official Google letter.
- Selected to lead the official club at Cairo University (Faculty of Computers & AI), managing core student developers.
- Organized and delivered technical workshops and hackathons reaching over 1,500+ student developers across Egypt.

Microsoft Learn Student Ambassador (MLSA)

Jan 2023 – Dec 2023

- Conduct technical sessions and hands-on labs introducing developers to Microsoft Azure, cloud services, and modern web application development.

EDUCATION & CERTIFICATIONS

Bachelor's Degree in Commerce

Graduated: May 2023

Cairo University | Location: Cairo, Egypt

Key Certifications:

- Angular Certificate – LinkedIn (2025)
- Frontend Development – Route Academy (2023)
- Web Design – National Telecommunication Institute (NTI - 2022)
