

July 20th, 2022

To whom it may concern,

Please accept this letter to confirm that Cairo University - Faculty of Computers and Artificial Intelligence, is one of the Google Developer Students Club in our Google approved communities network. This group was approved in July 2022 with the current lead listed below.

Basim Husain currently leads the GDSC.

Google Developer Student Clubs focus on Helping students bridge the gap between theory and practice. GDSCs are university based community groups for students interested in Google developer technologies. Students from all undergraduate or graduate programs with an interest in growing as a developer are welcome. By joining a GDSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community. further info can be found here:

<https://developers.google.com/community/dsc>

We thank you for your support to the student communities.

Please contact me if you have any questions.

Very truly yours,

Salim Abid

Salim Abid

Google Developer EcoSystem Region Lead - Middle East and North Africa
